

RAMLÖSA®

Exclusive
UK Distributor

RAMLÖSA WATER FUND – WATER THAT SAVES LIVES

For every litre of Ramlösa sold, the Ramlösa Water Fund donates the equivalent of one litre of clean drinking water to the Swedish Red Cross's water projects in vulnerable communities around the world. Since its launch in 2011, the Ramlösa Water Fund has contributed the equivalent of more than 1 billion litres of clean water to people in need.

This has only been possible thanks to you the consumers who choose and enjoy Ramlösa.

Together, we have helped improve living conditions for millions of people by providing access to clean water, improved sanitation, and better hygiene.

Countless lives have been saved. This is something we can all be proud of.
Thank you for choosing Ramlösa.
